

29th International Scientific Conference SCEgeo 2022
“Surveying, Civil Engineering and Geoinformation for Sustainable Development”

Wrocław (hybrid), June 22-24, 2022

The SCEgeo Conference will be held in **two buildings** of the Wrocław University of Science and Technology (WUST).

For the **FIRST TWO DAYS** (June 22 and 23), the sessions will take place in the **H14 building**.

H14 building of WUST
40 Wybrzeże Wyspiańskiego Street
50-370 Wrocław

How to get there:

By car

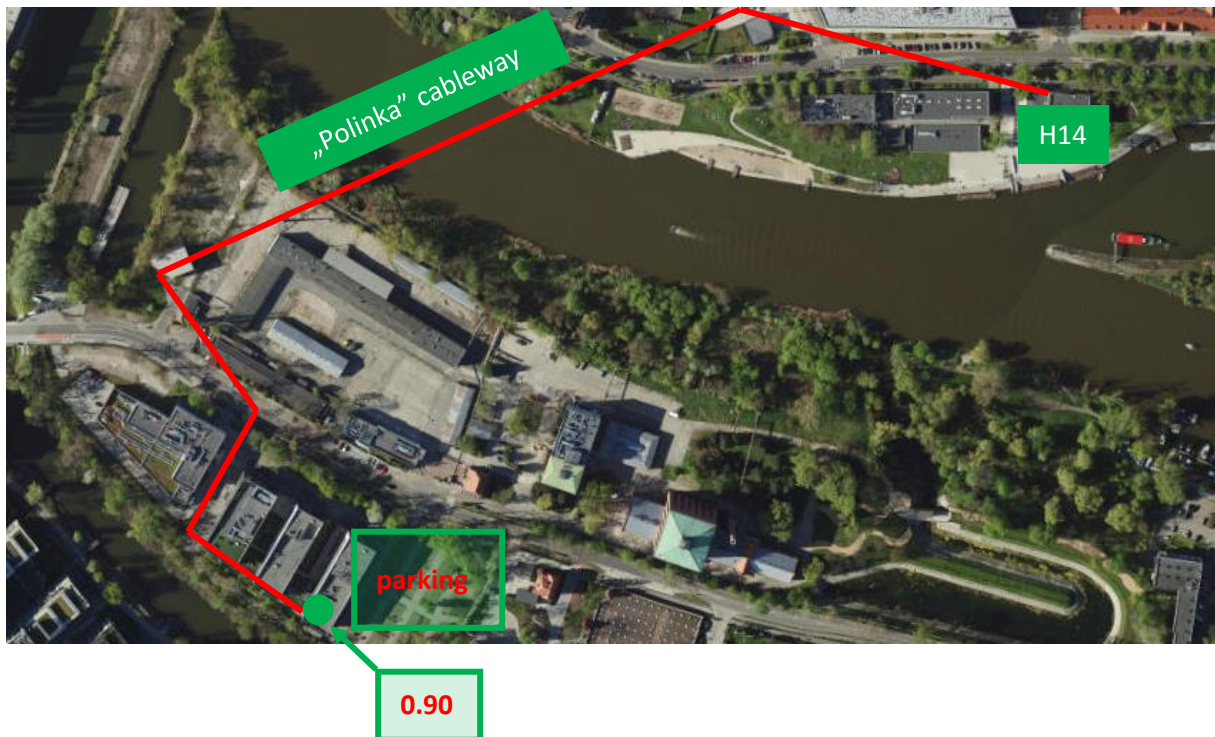

Free parking is available next to the L-1 building - entry with password: **conference** (call at the barrier):

L1 building (Geocentrum)
15 Na Grobli Street
50-421 Wrocław

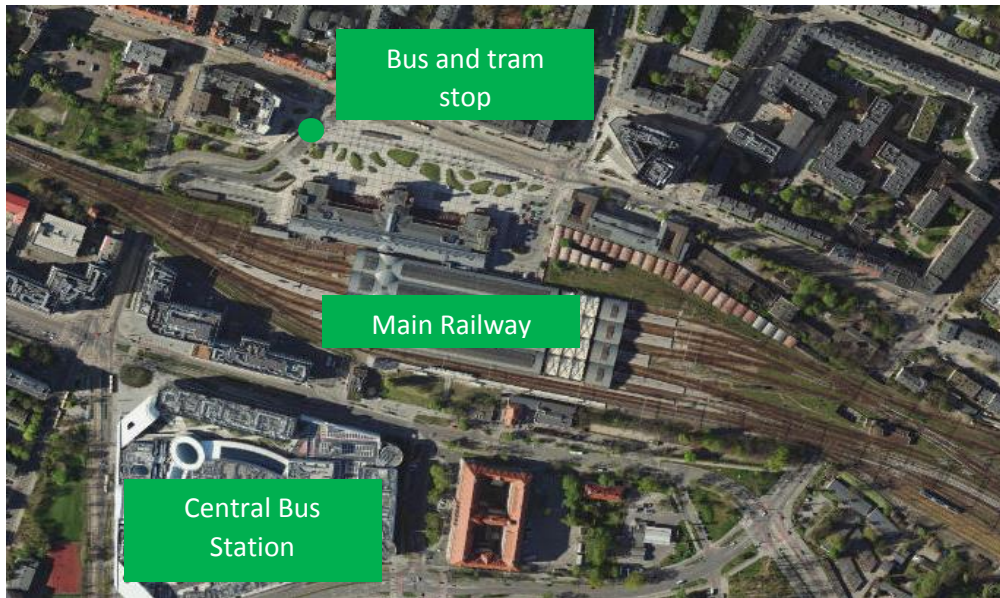

To get from L1 to H14 you need to use the **“Polinka” cableway** - it takes 5-10 minutes.

You will receive your free “Polinka” pass in **room 0.90 in building L1** - ground floor to the right of the entrance.

By public transport:

- From **Wrocław Główny railway station** and the bus station to **Most Grunwaldzki stop:**
Take bus number 146 (direction Bartoszowice) or tram number 2 (direction Biskupin)

- **From Wrocław Airport:**
From *Port Lotniczy* bus stop to *Dworzec Główny (Dworcowa)* bus stop by bus 106 (direction Dworzec Główny (Dworcowa)), then from *Dworzec Główny (Dworcowa)* bus stop to *Most Grunwaldzki* bus stop by bus 146 (direction Bartoszowice)

Route from **Most Grunwaldzki** stop to building H14:

29th International Scientific Conference SCEgeo 2022
“Surveying, Civil Engineering and Geoinformation for Sustainable Development”

Wrocław (hybrid), June 22-24, 2022

For those using public transport, we recommend the website:

www.wroclaw.jakdojade.pl

Tickets can be purchased:

- in ticket machines at stops (payment by cash or card)
- in ticket machines on all trams and buses (**payment only by card**)

By Taxi:

From the Main Railway Station, Central Bus Station or other places in the city we recommend the following **taxi companies**:

- WICAR Taxi - tel. +48 737 737 737
- Ryba Taxi – tel. +48 713 067 067

29th International Scientific Conference SCEgeo 2022
“Surveying, Civil Engineering and Geoinformation for Sustainable Development”

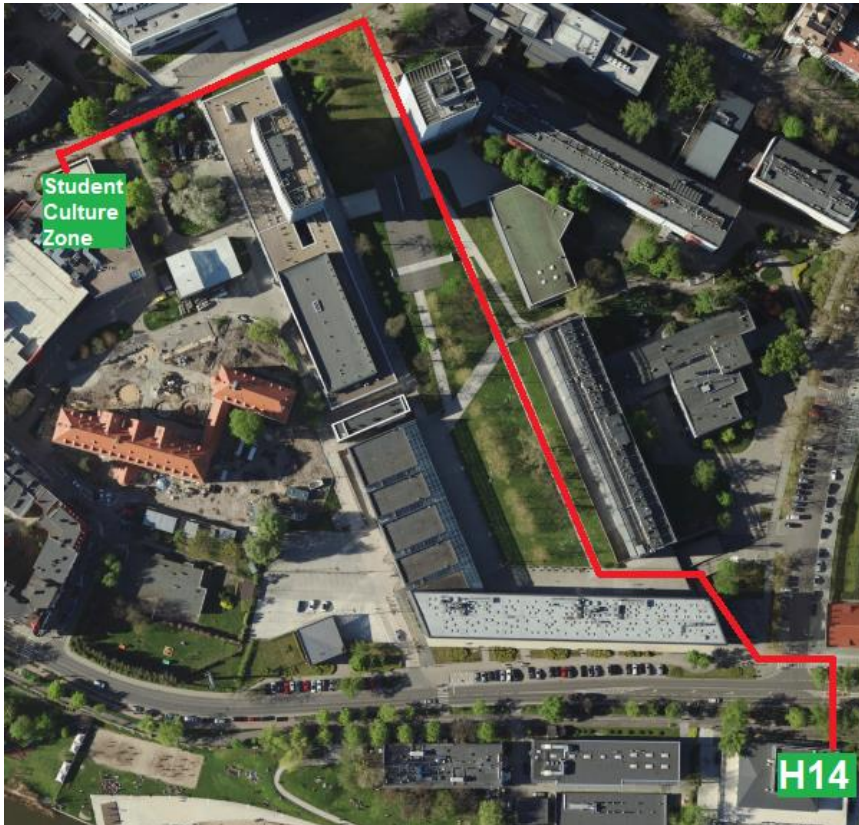

Wrocław (hybrid), June 22-24, 2022
